

PLEASE NOTE: There will be no classes held the week of the 4th of July (July 1-7, 2018) and August 12-18th.

- Class begins at at the top of the hour, unless otherwise noted. Please have your student in class on time so we can take advantage of the full 60 minutes. Class will end 60 minutes after the start time. Please make arrangements to have your student picked up on time.
- Please make sure we have your emergency contact information.
- We encourage students to make up any absences in order to stay caught up with the class. If your student is absent and needs to make up a class, please work with the instructor to schedule a time to make-up the missed class.
- Holidays and class schedule changes are noted on the calendars (see below). Please take note of these schedule changes so there is no confusion.
- To contact us, please email info@paperplaneutah.com or call Dan at (801) 673-3987.
- Most importantly: Please remember that, like piano or dance, your student will take time to develop the necessary skills to be a computer artist. We will keep things fun and entertaining along the way, but this is not something that can be learned overnight. Students who stick with it will have the reward of seeing their wildest imagination come to life on their screen!
